ARCHITECT LICENSE RENEWAL APPLICATION

In order to renew an architect license, the licensee must complete the information below and submit this form to the Board with the \$200 renewal fee. If the license is renewed more than 30 days after its expiration, a \$50 delinquency fee is required plus any accrued and unpaid renewal fees. Licenses that have been delinquent for less than five years are subject to the following fees for the noted renewal periods:

Renewal Period	Renewal Fee	Delinquency Fee (If Renewal Application Postmarked More Than 30 Days After Expiration)
2005 – 2007	\$200	\$50
2007 – 2009	\$200	
2009 – 2011	\$200	

The renewal fee owed is calculated by adding all of the renewal periods that the license is delinquent and the delinquency fee (if more than 30 days delinquent). For instance, if a licensee missed the 2005-2007 and 2007-2009 renewal periods s/he would owe \$650 to bring the license current with an expiration date in 2011.

A license that is not renewed within five years after its expiration date is cancelled and cannot be renewed. Individuals may not legally practice architecture in the State of California without a current and valid license issued by the Board.
